

Christian Science Church Will Hear 'Mortals and Immortals'

More meaningful goals are attained through spiritual enlightenment. This is a theme of the Lesson-Sermon "Mortals and Immortals" which will be heard Sunday in all Christian Science churches.

Among the Scriptural selections will be Paul's counsel to the Corinthians (1 Cor. 15), "My beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord, forasmuch as ye know that your labour is not in vain in the Lord," and his admonition to the Colossians (3), "Set your affection on things above, not on things on the earth."

IMMORTAL
In a correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" Mary Baker Eddy states, "Advancing to a higher plane of action, thought rises from the material sense to the spiritual, from the scholastic to the inspirational, and from the mortal to the immortal."
The Golden Text is from Romans (8:13), "If ye live after the flesh, ye shall die:

but if ye through the Spirit do mortify the deeds of the body, ye shall live."

STORY

The Fullers, a meek and gentle city family, who, tired of the hustle and bustle of city life, dream of moving to the country. Finally their dreams come true and they move to a home in the country, where, rumor has it, George Washington slept. The house, dilapidated and outmoded, needs refurbishing. Or so Newton Fuller's wife, Annabelle, thinks.

Minor complications set in when it's learned there's no water and the property is actually on someone else's land. Other than this, the Fullers can't meet the pay-

CONTACT LENSES IDEAL FOR WATER SKIING, SKIN DIVING

Need for vision correction is no longer a "spoilsport" for water skiers and skin divers. Wearing "spectacles" is impractical and hazardous, but the new plastic contact lenses provide clear vision with complete freedom from bothersome flying spray in skiing and boating, or fogging-up behind diving masks. Contact lenses may be worn safely, too, for swimming and diving, without masks. More than a million Americans are wearing contact lenses in sports, at work, and for social
